

Monday 4th December 2023

Dear families,

We are delighted to announce our **Spring Clubs** offer. We will be starting some exciting new clubs next starting from Monday **January 15th** which will run until the week ending **Friday 29th March**

Extra-curricular activities have been proven to help with a child's confidence, personal skills, making new friends and academic achievement. The undertaking of extra-curricular activities is a great way of extending your child's learning through promoting their interests and allowing them to explore their individuality. We are offering a rich and varied selection of activities and we hope there will be something for everyone. We really value your feedback to develop our offer, so please let us know if there is a club that you would like your child to access!

To book a place for your child on any of the clubs listed below, please go onto **Arbor** and select the desired club and make payment of **£30** in full. If you have not yet activated your Arbor account please contact the school office so we can help.
