

Dear Families

Following on from the success of last year's Parents' Forum, we are now in the process of setting this up for this academic year and next. The Parents' Forum provides a valuable opportunity for the Trust to hear directly from our parent community and gather feedback on key aspects of school life.

Last year, our parent representatives reviewed the uniform policy and contributed to discussions on the Trust's strategic plan. This year, we are looking to expand the forum and involve a wider group of parents

If you are able to commit to meeting online three times a year and are willing to share your ideas and perspectives, we warmly encourage you to register your interest in joining the Parents' Forum.

This is a fantastic opportunity to connect with other parents across the Trust and help shape our ongoing development.

Please register your interest by Friday 16th February using this [form](#).

Thank you for your continued support.

With very best wishes,

*M. Minnett*
